

2025-10-03

Huzzah! I both completed and passed the proposal defense, this week (09/30/2025), for my dissertation. A big “thank you” to each of the members that served on my proposal committee. I am looking forward to the next year where I get to begin applying my research 😊

Not a long update, but I did want to officially announce that I have completed the proposal piece of my doctoral process.
